

2008 Fleet 448 Meeting Schedule

Locations Revised as of May 20, 2008

We have scheduled our 2008 Fleet 448 meetings for the third Tuesday of each month. We have also decided to use a conference phone for the regular scheduled meetings so that members who live at a distance from the meeting locations, or find themselves traveling, can simply call in. It doesn't make the pizza taste better from home, but we can fill you in on what we are going to be doing! *Please also remember to check the website for last minute updates on meeting locations and times.* We might occasionally need to add a meeting, or cancel a meeting late in the season if there is not much to discuss.
